### What's Going On???

February. The month of love and mushy valentines. Okay, maybe not for those of us who are already married (sigh!) but it's quite fitting that this month Callie tells us all about her trip and of course, about her engagement! Where did it happen? how did it happen? All the answers and more on page 3!

And speaking of Valentine's...let's face it - bloke's don't often take a hint real well. You can drop all the hints you like about what you're wishing for this Valentine's day but unless you hit him over the head with it, it probably won't make much difference! So, check out page 2 for our Valen-

tine's offer, wrap it around a brick and aim for his head! No, just kidding. You can try the subtle approach and leave it around or you can just hand it to him. I know what I'd do!!!

Last month Jess headed off to a solar defense class at Dermalogica increasing her knowledge about the sun block range and the sun in general. If you need any information or to update your sun protection product, Jess is the girl to talk too.

Jess also heads off for some holidays in the middle of this month. Jess spent last year finishing of her studies at Tafe, working part time at Hog's Breath and work-

ing part time for us, so she's a little tired! If you have your lashes done with Jess please arrange your appointments asap as she will be a very busy girl when she returns!

Carolyn's back in 2010 for more skin rejuvenation and hair reduction and so is Dr Vella. His first visit for 2010 will be March 9 (Tuesday). He is already filling up fast so speak to Steph about getting an appointment with him.

You'll also want to check out page 3 to see how you can get a FREE Dermalogica product valued at \$134!

And help us support the

February 2010

Issue 36

Look Good Feel Better (LGFB) program by having Callie's special this month. You'll find it on page 3 where you see this symbol.  \$2 from every package will go directly to the LGFB to help in the running of programs for women under going cancer treatments. We really appreciate your help in supporting this organization. Every month I see first hand the difference it makes to these ladies, so thank you.

# Callie and Dan's USA Adventures

Dan and I arrived in New York just after the storm, so there was snow everywhere and yep, it was cold. We did so much in New York. I did make Dan come to see the Nutcracker Ballet with me but I don't think he liked it as much as I did.

Christmas eve was pretty special. We spent all day in the toy shops and got to play the giant piano from the Tom Hanks movie "Big". We also lined up for nearly 2 hours to see Santa at Macy's, I asked for snow at Christmas! The big Christmas tree at the Rockefeller centre was very magical. On

Christmas day we had lunch at a beautiful restaurant in central park. It reminded me of something you would see in a movie. It didn't snow but there was still plenty around for us to have a snow fight all the way home.

The day we went to see the Statue of Liberty it was minus 15 degrees- so cold! We went shopping on 5th avenue, walked in Times Square, saw a Broadway show and all the sights to see. New Year's Eve was one of my favourite days. We woke to see snow falling (thank's Santa) so we headed to central park to have a horse and car-

riage ride and then celebrated the new year in Times Square.

Then we spent 5 nights in Vegas. We stayed at Planet Hollywood overlooking the Bellagio fountains. We visited heaps of casino's and Dan surprised me with ticket's to see David Copperfield at the MGM. It was really WOW! On our second last day in Vegas we took a helicopter flight over The Grand Canyon and that's when Dan (finally) popped the question. It was the perfect end to an amazing holiday. Oh, and did I tell you that I said yes! - Callie

Now that I've got a ring on my finger I keep noticing my hands! I used to bite my nails and with all the hand washing I do at work my skin can get pretty dry. So I've decided to give 'em some TLC and then I thought - I bet almost everyone's hands and nails need some TLC - just like mine! So I said to Mel, let's get everybody's hands looking great!

So here's what you need, ladies...

## Get Your Free ChromaWhite Powerfoliant (Save \$134.00)

Brighter skin, more even skin tone, a reduction in brown patches and pigmentation - these are all things many of our clients tell us they'd like from their skin care and treatments.

Dermalogica's ChromaWhite TRx is the answer to all of these common skin concerns. The range is designed to be layered for maximum results starting with the triple action cleanser. Tri-Active Cleanser cleans, exfoliates and brightens and prepares the skin for further treatments. Serums, boosters

and concentrates are also part of the range along with day and night creams.

My favourite ChromaWhite product is the Powerfoliant. This is the most intensive exfoliant you'll find available for home use. You will feel an amazing difference after just one use. With regular use you'll see a vast improvement in stubborn skin conditions such as pigmentation and uneven texture.

8 weeks supply of Powerfoliant is

\$134.00.

This month I want to give you Powerfoliant absolutely FREE.

All you need to do is book and pay for 2 ChromaWhite Skin Brightening facials at \$85.00 each (so \$170.00 in total) and we'll give you your Powerfoliant. That's \$304.00 worth of treatments and products for just \$170.00.

But we have ONLY 5 to give away FREE so get on the phone right now.
